Sir:

Applicants respectfully request withdrawal of the Notice of Abandonment mailed April 6, 2007, in the above-captioned application based on the information provided below.

The Notice of Abandonment states that Applicants' failure to timely file a proper reply to the Office Action mailed July 17, 2006 caused the abandonment of the above-captioned application. However, as evidenced by the attached copies of the undersigned's firm's USPTO mail log for July 18 through August 1, 2006,<sup>1</sup> the paper copy of the Office Action mailed on July 17, 2006 did not reach the offices of Applicants' representative. If the July 17, 2006 mailing had reached the undersigned's office, then-existing procedures would have caused the docketing department of the undersigned's office to have created a docket entry with a due date of October 17, 2006.

In accordance with the duty of good faith and candor, the undersigned wishes to point out that a search of the undersigned's firm's computer records shows that an *electronic* copy of the July 17, 2006 office action appears to have been downloaded from the PAIR system on or about July 19, 2006, by Lisa Bahm (a non-docketing staff member). At that time, it was Ms. Bahm's

practice to periodically (e.g., weekly) download batches of correspondence from the PAIR system for multiple applications associated with a particular customer number. The purpose of this download was to have electronic copies available for more easily reporting same to the client by email once the paper copies (mailed by the USPTO) were received. In particular, it was generally faster to download electronic copies from PAIR than it would have been to generate electronic copies by scanning the received paper copies. Ms. Bahm did not review the substance of the downloaded documents at the time of downloading. At that time, Ms. Bahm did not use the downloaded copies for docketing purposes and did not route or forward such downloaded copies to the firm's docketing department. Instead, it was the practice of the undersigned's firm to docket incoming USPTO papers upon receipt of the paper copy.

Although the undersigned's firm has relocated offices since July 2006, that relocation did not occur until February 2007, well after the mailing date of the Office Action at issue.

In view of the above, Applicants request that the holding of abandonment be withdrawn, and that the due date for response to the July 17, 2006 office action be reset. It is believed that no fee is required for this submission. If any fees are required, the Commissioner is authorized to debit our Deposit Account No. 19-0733 accordingly.

In the event this petition is dismissed or denied, Applicants request prompt notification of same so that a petition for revival under 37 CFR 1.137(b) can promptly be filed. Because of the substantial additional requirements for a grantable petition under 37 CFR 1.137(b) (e.g., a terminal disclaimer), Applicants did not believe it was appropriate to include an alternative request for such relief in this petition.

Respectfully submitted,

BANNER & WITCOFF, LTD.
